**LSC Action:** Recommend approval of the site development plan.

Zeibert said the site development plan was required since access to the site will be through two shared access easements – one off of Atlanta Street and one off of Marketplace Drive. Cahnman asked if there would be access off of Dirksen Parkway. Zeibert said there would be no access off of Dirksen Parkway. Cahnman asked if site could be accessed from Goodwill. Zeibert said there would be no connection with Goodwill.

(5 ILCS 120/1.05)

Sec. 1.05. Training.

(a) Every public body shall designate employees, officers, or members to receive training on compliance with this Act. Each public body shall submit a list of designated employees, officers, or members to the Public Access Counselor. Within 6 months after the effective date of this amendatory Act of the 96th General Assembly, the designated employees, officers, and members must successfully complete an electronic training curriculum, developed and administered by the Public Access Counselor, and thereafter must successfully complete an annual training program. Thereafter, whenever a public body designates an additional employee, officer, or member to receive this training, that person must successfully complete the electronic training curriculum within 30 days after that designation.

(b) Except as otherwise provided in this Section, each elected or appointed member of a public body subject to this

Act who is such a member on the effective date of this amendatory Act of the 97th General Assembly must successfully complete the electronic training curriculum developed and administered by the Public Access Counselor. For these members, the training must be completed within one year after the effective date of this amendatory Act.

Except as otherwise provided in this Section, each elected or appointed member of a public body subject to this Act who becomes such a member after the effective date of this amendatory Act of the 97th General Assembly shall successfully complete the electronic training curriculum developed and administered by the Public Access Counselor. For these members, the training must be completed not later than the 90th day after the date the member:

Each member successfully completing the electronic training curriculum shall file a copy of the certificate of completion with the public body.

Completing the required training as a member of the public body satisfies the requirements of this Section with regard to

the member's service on a committee or subcommittee of the public body and the member's ex officio service on any other public body.

The failure of one or more members of a public body to complete the training required by this Section does not affect the validity of an action taken by the public body.

An elected or appointed member of a public body subject to this Act who has successfully completed the training required under this subsection (b) and filed a copy of the certificate of completion with the public body is not required to subsequently complete the training required under this subsection (b).

(c) An elected school board member may satisfy the training requirements of this Section by participating in a course of training sponsored or conducted by an organization created under Article 23 of the School Code. The course of training shall include, but not be limited to, instruction in:

During the election, over 62% of those casting a ballot indicated their support for the creation of a Citizens' Efficiency Commission.

The CEC's purpose is to improve the economy, efficiency and effectiveness of local government in the area by assessing and proposing opportunities for improved cooperation, coordination and sharing of services between and among local governments in the County, as well as the reduction or elimination of duplication of effort.

Members of the public may also submit suggestions to the Citizens' Efficiency Commission after the public meetings via email, at [CitizensEfficiency@gmail.com](mailto:CitizensEfficiency@gmail.com) , or attendance at one of the Commission's regularly scheduled meetings.
